

About Aster Limited

Aster Limited has supplied tools, technology and industrial equipment to businesses, schools, government bodies and NGOs across Kenya since 2008. We are an authorised Bosch, Ingco, Stihl and Epson dealer, and a long-standing partner for Cisco, HP, Fortinet, Hikvision and APC networking and security equipment — pairing a genuine-products hardware distribution business with our original IT, networking and security-systems integration roots.

Our Vision

To be a leading regional supplies and distribution company offering world-class value-added products and services through creativity and innovation.

Our Mission

We are committed to sound business management principles and ethics while continually being sensitive to customer needs and improvement of our products and services in a competitive environment.
